

I offer the following services for Dogs:

Dog Walking – I will call and collect your dog once or twice a day on whatever day you require and take it for either one hour or half an hour's walk. During this time I guarantee your beloved pet will be in the safest hands and be having the best of fun. I do offer off lead walking but would require you to sign a consent form to allow this. Off lead includes fun and games with whatever your dog prefers.

Puppy Day Care – I understand how time consuming a new puppy can be, what do you do with him/her when you go out for the weekend or to work. I will take care of your puppy in my puppy day care, where your precious little one will have all the love and attention that it needs including plenty of fun and games. Your puppy will have constant company and be kept out of harm's way along with keeping out of mischief. I do require your puppy to be fully vaccinated to allow him/her into my care.

Collection and Delivery Service – I will call at your home and collect your puppy/dog and then return it at an agreed time.

Secure Transport – My vehicle is fitted out with secure lockable kennels, it also has external scoops and fans, and internal fans complete with a thermostat inside the dashboard so the temperature in the kennels is constantly monitored, this ensures your dogs security and safety at all times. Your dogs will never be left unattended inside the vehicle at any time.

Pop in Service – If for whatever reason you only want your dogs letting out for a run in the garden and feeding, no problem, I will call in to your home, feed your dog/s and let them out for a run in the garden, entertain them for the duration and then put them away securely and make sure your premises are fully secured before leaving.

Dog Training – I offer to train your dog with the basic obedience that makes dog ownership so much more enjoyable. Fancy having a dog that does not pull on a lead, this can be achieved in a relatively short period of time. I will teach your dog to sit and stay and the all important recall.
